- The All College Meeting was held on Tuesday February 2 in the main cafeteria. Reports were given by the Vice Presidents, Faculty Senate President and Foundation Director, along with a report from the Middle States Steering Committee co-chairs Debbie Sorrentino and Lori Townsend. The President's report focused on how the Executive Council is processing information and suggestions sent forward from the Middle States Steering Committee. Dr. Chliwniak will report on this in more detail later today. The President has also set up several information sharing sessions in the Faculty Resource Center over the next two months; the first one is tomorrow at 8:00 a.m.
- The 20th Annual Tech Wars was held last month. It is organized by Professor Mark Voisinet for students in grades 6 through 12 who compete in various engineering and technology based events.
- The President circulated a letter written by SUNY Chancellor Nancy Zimpher to Governor Cuomo in response to his letter asking the CUNY and SUNY Chancellors to look at the salaries paid to faculty and staff within both systems.
- The President provided the following handouts:
 - New visions for campus space – University Business; updates on trends for campus construction.

COMMITTEE REPORTS

Finance

President Klyczek provided a handout from SUNY regarding 2015-2016 Direct Charges and Assessments. This has been discussed over many months. Campuses are being charged a fee by System Administration as a share of a system-wide cost. The issue with community colleges is whether System has the authority to charge back the community college campuses. We have moved forward with a letter from our attorney to SUNY; NCCC has not paid for the first year or the second billing that was received. Vice President Schickling provided a brief overview.

Governmental Affairs

Trustee Ross stated on January 14 and 15 that he, President Klyczek, Foundation Director Brewer attended the Chief Academic Officers Retreat in Albany. He also stated there will be a change in the Niagara County Manager position; Jeff Glatz will be resigning on March 31. A committee has been selected for this process and eight people will be interviewed for this position.

President Klyczek provided a handout from Chancellor Zimpher showing 2016-2017 State Budget Priorities which the Chancellor's testimony/issues regarding the senate and the Governor's proposed budget. President Klyczek marked the yellow highlights which are areas of concern for NCCC.

President Klyczek has discussed Community College Councils for approximately one year; President Klyczek, Trustees Virtuoso, Ross and Ginestre attended the NYCCT conference in September. The Governor has created legislation similar to REDC; in our area the region would be Erie, JCC and NCCC. Legislation has been discussed, and are moving forward with this. President Klyczek provided a handout from the Chancellor dated January 12, 2016 outlining action requested, resolution, background, and guidelines for the Community Colleges Councils.

Planning/Facilities

Vice President Dombrowski gave an update on the progress of façade renovations at the Niagara Falls Culinary Institute.

President Klyczek provided a handout showing the Middle States schedule for their visit on March 6-9. The board members are asked to attend the reception/dinner on Sunday March 6 to meet the seven team members from Middle States, and he asked board members to provide Barb Walck with their RSVP. Vice President Chliwniak briefly discussed the remaining schedule and noted that board members have received a hard copy of the Self-Study Report. President Klyczek also circulated the list of Middle States team members, showing the college they work for, etc.

Vice President Chliwniak provided a proposed Academic Plan which has been given to Academic Council and Executive Council. Vice President Chliwniak welcomes any feedback from board members; if she receives no comments, this plan will be passed along to the Faculty Senate. This is a three year plan for 2016, 2017, and 2018; things will change and we will progressively keep moving and improving. President Klyczek stated this will likely serve as the basis of our next strategic plan and determines what services we need, what to invest, our mission, etc. and shape what we will be doing over the next several years.

Assistant Vice President Ulatowski discussed the discontinuance of programs as listed in the materials. A brief overview was given pertaining to the programs. SUNY asked us to clean up the State Education Department Inventory of Registered programs, as several programs have been on a deactivated status for several years. This process has gone through Faculty Senate and the Curriculum committee. It was moved by Trustee Ginestre and seconded by Trustee Rowles to accept the Discontinuance of Programs as listed: Science Laboratory Technology, Electroneurodiagnostic Techology, Electronic Technology, Food Service professional Chef, Occupational Safety and Health, Telecommunications and Telecommunications (evening).
