

# Academic Programs & Associated Employment/Education Status of Graduates in 2023

## A summary of the 2023 Niagara County Community College (NCCC) Graduate Follow-Up Survey

The numbers in the following table were generated based on the NCCC’s Graduate Follow-Up Survey administered in January 2023. Therefore, they are not necessarily representative of all of the NCCC graduates, but rather rely on those who responded to the survey. All potential graduates from the past few years were encouraged to participate in the survey. The majority of the respondents graduated in the years 2020 - 2022.
