

SUNY NIAGARA

Health Studies, A.S.

Overview

In the Health Studies program, students have the opportunity to explore diverse and controversial topics in health. Core topics include healthful living, drugs and society, community health, consumer health, sexuality, nutrition and foundations of health education and promotion.

Designed for transfer into a 4-year institution.

Careers

Careers related to your program of study:

- Community and Public Health Education Specialist
- Health Education Specialist employed in agencies and foundations
- Wellness Coordinator in communities, schools and work sites

Some careers may require more specialized education.
