### 2026 SUNY Niagara President's Medallion Recipient:

It is my distinct honor to announce that **Artem Denisenko** has been selected as the recipient of the 2026 President's Medallion, SUNY Niagara's highest student honor. This prestigious award is presented annually to a student who demonstrates outstanding academic achievement, leadership, and a deep commitment to service and community. Artem's commitment to academic excellence, research, leadership, and service underscores his dedication to both his field of study and the SUNY Niagara community. He plans to continue his academic journey after SUNY Niagara, where he can deepen his studies in computer science and eventually obtain a graduate degree in quantum computing.

Please join me in congratulating Artem Denisenko on this well-earned recognition!

With Appreciation,
